Re: Jane Gibson's efforts to  
secure corroboration.

Timothy Newell Pfeiffer, Esq.,  
120 Broadway,  
New York City.

Dear Sir:-

I interviewed John W. Hamilton of 1 Curtis Place, New Brunswick, N. J. He is employed as cashier at the International Plant. (Referred to by Leslie P. Johnson in my report of 9/24/26 under subject "Willie Easton's corroboration of his mother as to her second trip into DeRussey's Lane, etc.,)

Mr. Hamilton informed me that he had no information of any value in regard to the case. He said that on one of his visits to an aunt at Middlebush he had heard about Mrs. Gibson's efforts to induce witnesses to corroborate her story. He does not recall that names of the person mentioned by his aunt as having been approached.

He has promised to talk further with his aunt and if she recalls the name or names he will furnish them to me.

Respectfully yours,

David Thompson.
